

Optum Pay™ direct deposit enrollment guide

Enrolling in Optum Pay will help you take control of your claims payment and remittance data. With innovative tools that allow you to streamline payments and reconcile claims, your practice can run more efficiently.

Following enrollment, you will have the opportunity to select the portal access package that's right for your practice. There are two levels of access and at anytime you can upgrade or cancel. If you take no action to select an option, we will default your portal access package to ACH basic.

ACH basic — free

The basic ACH portal experience includes:

- Access to 13 months of payment data.
- Online access to detailed remittance information in the form of downloadable PRAs and 835 files for each payment processed through Optum Pay.
- Two portal users and the ability to associate a 3rd Party Billing Service to aid in claim management efforts.
- Payment and remittance notification emails to support timely reconciliation of new claim payments.

ACH premium — 0.5% per payment fee

The premium ACH portal experience includes all the features of basic, plus:

- Access to the Optum Pay portal for an unlimited number of users.
- Enhanced practice management features to quickly identify new payments, payments pending reconciliation and the ability to identify and mark payments fully reconciled.
- Up to 36 months of expanded claims payment data to search for and identify the data you need; plus a quick view of the number of claims consolidated within a payment.
- Access to data aggregation tools, eliminating individual data file downloads.

Before you start the enrollment process, please have the following on hand:

- Contact information (name, phone number and email address)
- One or two individuals from your organization to support administration and oversight of your account
